Electricity Policy
Research Group

Session 01 - Wednesday 09:00

09:00	Silvester van Koten (Florence School of Regulation, EUI, Italy) “Do Emission Trading Schemes Facilitate Efficient Abatement Investments? An Experimental Study” Junior Discussant: Alexandra-Gwyn Paetz // Senior Discussant: Christian von Hirschhausen
09:45	Christian Gross (Max Planck Institute of Economics Jena, Germany) “The Energy Paradox of Sectoral Change and the Future Prospects of the Service Economy” Junior Discussant: Gregor Schwerhoff // Senior Discussant: Franziska Holz
10:30	Coffee Break

Session 02 - Wednesday 11:00

11:00	Alexandros Dimitropoulos (VU University Amsterdam, the Netherlands) “Consumer Valuation of Changes in Driving Range: A Meta-analysis” Junior Discussant: Sylvie Ludig // Senior Discussant: Michelle Hallack
11:45	Sylvie Ludig (Potsdam-Institute for Climate Impact Research, Germany) “Can all targets be achieved? An analysis of German plans for climate change mitigation and renewable energy use” Junior Discussant: Xu Jing // Senior Discussant: Thure Traber
12:30	Arthur Henriot (Florence School of Regulation, EUI, Italy) “Managing wind low-predictability in intraday markets” Junior Discussant: Manuel Chazarra Jover // Senior Discussant: Friedrich Kunz
13:15	Lunch Break

Electricity Policy

Information on Lunch / Dinner

Electricity Policy Research Group

Session 03 - Wednesday 14:15

14:15	Adam Rysanek (University of Cambridge, United Kingdom) “Optimum building energy retrofit decisions under technical and economic uncertainty” Junior Discussant: Lion Hirth // Senior Discussant: Miguel Vazquez
15:00	Falko Ueckerdt (Potsdam-Institute for Climate Impact Research, Germany) “System LCOE: What are the costs of variable renewables?” Junior Discussant: Alexandros Dimitropoulos // Senior Discussant: Miguel Vazquez
15:45	Lotte Ovaere (Katholieke Universiteit Leuven, Belgium) “Payback Time. The Impact of Private Interest Contributions on Energy Policy Making at the U.S. State Level” Junior Discussant: Aoife Brophy Haney // Senior Discussant: Eva Schmid
16:30	Coffee Break

Electricity Policy
Research Group

Session 04 - Wednesday 17:00

- | | |
|-------|--|
| 17:00 | XU Jing (Florence School of Regulation, EUI, Italy)
“The challenges of adopting a netback pricing regime in Chinese gas market”
Junior Discussant: Thilo Grau // Senior Discussant: Anne Neumann |
| 17:45 | Gregor Schwerhoff (Bonn Graduate School of Economics, Germany)
“Non-Renewable but Inexhaustible - Resources in an Endogenous Growth Model”
Junior Discussant: Christian Gross // Senior Discussant: Clemens Haftendorn |
| 18:30 | Aoife Brophy Haney (University of Cambridge, United Kingdom)
“Strategic Voluntary Carbon Disclosure by Firms”
Junior Discussant: Lotte Ovaere // Senior Discussant: Aleksander Zaklan |
| 20:00 | YEEES Seminar Dinner and Berlin Night Life |

Electricity Policy
Research Group

Information on Lunch / Dinner

Session 05 - Thursday 10:00

10:00	Manuel Chazarra Jover (IIT, Comillas, Madrid) “Multi-objective Stochastic Optimization Model for Hourly Hydro Scheduling at Day-ahead Energy Market and (...)” Junior Discussant: Richard Scharff // Senior Discussant: Wolf-Peter Schill
10:45	Lion Hirth (Vattenfall Europe AG, Germany) “The Optimal Share of Variable Renewables / How Much Wind Should We Build?” Junior Discussant: Ilan Momber // Senior Discussant: Michelle Hallack
11:30	Richard Scharff (KTH Royal Institute of Technology Stockholm, Sweden) “The Influence of Internal “Ex-ante Self-balancing” on the Operation of a Power System” Junior Discussant: Arthur Henriot // Senior Discussant: Wolf-Peter Schill
12:15	Lunch Break

Electricity Policy
Research Group

Electricity Policy Research Group

Session 06 - Thursday 13:15

13:15	Ilan Momber (IIT, Comillas, Madrid) “Self-Scheduling of a Flexible Load Aggregator with Plug-in Electric Vehicle” Junior Discussant: Andreas Schröder // Senior Discussant: Hannes Weigt
14:00	Thilo Grau (German Institute for Economic Research Berlin, Germany) “Responsive adjustment of feed-in tariffs to dynamic PV technology development” Junior Discussant: Adam Rysanek // Senior Discussant: Hannes Weigt
14:45	Alexandra-Gwyn Paetz (Karlsruhe Institute of Technology, Germany) “Dynamic electricity pricing – which models do consumers prefer?” Junior Discussant: Falko Ueckerdt // Senior Discussant: Silvester van Koten
15:30	End of YEEES Berlin 2012
